“No More Firefighter Deaths”

Presented by

Gordon Graham

This is a **newer** presentation by Gordon Graham. Topics related to firefighter safety will be tied into Gordon's Risk Management/Liability lecture. Gordon say's "Firefighter deaths related to heart, traffic, PPE, fatigue and training activities continue at an alarming rate and we must break the chain. No More Firefighter Deaths".

Gordon Graham is one of the nations most informative, motivational, humorous and respected speakers of our time. If you have seen Gordon before, you know exactly what we mean. For those who have yet to experience the pleasure, you are in for a great day. No firefighter should miss this opportunity, especially chief and company officers.

Gordon Graham is a 32-year veteran of California Law Enforcement. He is a practicing lawyer specializing in keeping fire departments and firefighters/officers out of legal trouble. He graduated from University of Southern California with a master's degree in safety and systems management. Subsequent to this, was graduated from Western State University with a juris doctorate. Over the last decade, Mr. Graham has made over 3,000 presentations to various groups including law enforcement; corrections personnel; fraud investigators; fire professionals; EMS; other first responders; legal professionals; educators; city, county and district employees; law firms and many other private sector organizations.
